ABOUT ME

I am self-taught Web Developer I have always found coding intuitive and have pushed myself to learn the most effective ways to achieve a result. Skilled at writing well-designed responsive webs, testable and efficient code using current best practices in Web development. I am fast learner hard worker and team player who is proficient in an array of scripting languages and tools and can quickly integrate into a team so I can provide value to the company and customers. For this reason, I am looking for a company willing to offer me a placement among their developers. In return would offer my full commitment, and be a pleasant and friendly addition to you team. I am therefore currently looking for a job or an internship as a front-end developer.
